Europe Consult: the tenderspecialist for companies

Europe Consult is a French based consultancy firm with fifteen years of experience on public procurement. Europe Consult has an extensive experience in advising companies on European law and in particular on public procurement. Europe Consult has also built up an extensive network within the public sector, the European Commission and its institutions, international consultants and companies.

As an information broker Europe Consult makes tailor-made selections for companies of the relevant tender notices from contracting authorities. We select the calls for tender on basis of a subscription with our TEDALERT Service or clients can search in our up-to-date database with TENDERTRACK. Tendertrack offers you an overview of all tenders from all member states of the EU. With TENDERTRACK you can search for free and if you have found an interesting tender, you can easily order the full text on-line.

We also offers consultancy services for the successful submission of bids, mediates between parties having a conflict on public procurement, and organises training courses on public procurement.

Europe Consult assists also companies in questions relating market research, marketing and market entry on the Dutch or French market.

How to get in touch with Europe Consult:

Europe Consult
